## **CAPR Expert Advisory Panel Call for Interest**

---

The Canadian Alliance of Physiotherapy Regulators (CAPR) is launching its Innovation Agenda by calling for submissions of interest from individuals to join its Expert Advisory Panel.

The accompanying document titled [Background - CAPR Expert Advisory Panel on the Future of Competency Assessment](#) provides details about the Innovation project, the Terms of Reference of the Expert Advisory Panel, and the timelines of the work of the Panel.

CAPR seeks 8-10 individuals with expertise in measurement, assessment, and competence and who are innovative and forward-thinking. We are looking for the Panel to develop recommendations for the future direction of high stakes entry-to-practice competency assessment for physiotherapists in preparation for licensure in Canada. The recommendations will be grounded in evidence, risk stratified, future oriented, and informed by a broad consultations process led by consultant(s) external to CAPR.

Individuals interested in putting their name forward are asked to complete the information below and submit to Kathy Davidson, National Director, Evaluation Services at [kathy.davidson@alliancept.org](mailto:kathy.davidson@alliancept.org) **on or before January 31, 2022**. Submissions of interest will be reviewed in early January with appointment to the Panel by the Evaluation Services Committee by February 15, 2022.
